Individuals and societies assessment criteria: Year 5

Criterion A: Knowing and understanding

Maximum: 8

At the end of year 5, students should be able to:

i. use a wide range of terminology in context

ii. demonstrate knowledge and understanding of subject-specific content and concepts through developed descriptions, explanations and examples.

Achievement level	Level descriptor
0	The student **does not** reach a standard described by any of the descriptors below.
1–2	The student: i. uses **limited** relevant terminology ii. demonstrates **basic** knowledge and understanding of content and concepts with **minimal** descriptions and/or examples.
3–4	The student: i. uses **some** terminology **accurately** and **appropriately** ii. demonstrates **adequate** knowledge and understanding of content and concepts through **satisfactory** descriptions, explanations and examples.
5–6	The student: i. uses a **range** of terminology **accurately** and **appropriately** ii. demonstrates **substantial** knowledge and understanding of content and concepts through **accurate** descriptions, explanations and examples.
7–8	The student: i. **consistently** uses **a wide range** of terminology **effectively** ii. demonstrates **excellent** knowledge and understanding of content and concepts through **thorough**, **accurate** descriptions, explanations and examples.

Criterion B: Investigating

Maximum: 8

At the end of year 5, students should be able to:

i. formulate a clear and focused research question and justify its relevance

ii. formulate and follow an action plan to investigate a research question

iii. use research methods to collect and record appropriate, varied and relevant information

iv. evaluate the process and results of the investigation.

Achievement level	Level descriptor
0	The student **does not** reach a standard described by any of the descriptors below.
1–2	The student: i. formulates a research question that is clear **or** focused and **describes** its relevance ii. formulates a **limited** action plan to investigate a research question or does not follow a plan iii. collects and records **limited** information, not always consistent with the research question iv. makes a **limited** evaluation of the process and results of the investigation.
3–4	The student: i. formulates a research question that is **clear** and **focused** and **describes** its relevance in detail ii. formulates and **somewhat** follows a **partial** action plan to investigate a research question iii. uses a research method(s) to collect and record **mostly relevant** information iv. evaluates **some** aspects of the process and results of the investigation.
5–6	The student: i. formulates a **clear** and **focused** research question and **explains** its relevance ii. formulates and follows a **substantial** action plan to investigate a research question iii. uses research method(s) to collect and record **appropriate**, **relevant** information iv. **evaluates** the process and results of the investigation.
7–8	The student: i. formulates a **clear** and **focused** research question, thoroughly **justifying** its relevance with appropriate evidence ii. formulates and **effectively** follows a **comprehensive** action plan to investigate a research question iii. uses research methods to collect and record **appropriate**, **varied and relevant** information iv. **thoroughly** evaluates the investigation process and results.

Criterion C: Communicating

Maximum: 8

At the end of year 5, students should be able to:

i. communicate information and ideas effectively using an appropriate style for the audience and purpose

ii. structure information and ideas in a way that is appropriate to the specified format

iii. document sources of information using a recognized convention.

Achievement level	Level descriptor
0	The student **does not** reach a standard described by any of the descriptors below.
1–2	The student: i. communicates information and ideas in a **limited way**, using a style that is **limited** in its appropriateness to the audience and purpose ii. structures information and ideas according to the specified format in a **limited way** iii. documents sources of information in a **limited way**.
3–4	The student: i. communicates information and ideas **satisfactorily** by using a style that is **somewhat** appropriate to the audience and purpose ii. structures information and ideas in a way that is **somewhat** appropriate to the specified format iii. **sometimes** documents sources of information using a recognized convention.
5–6	The student: i. communicates information and ideas **accurately** by using a style that is **mostly** appropriate to the audience and purpose ii. structures information and ideas in a way that is **mostly** appropriate to the specified format iii. **often** documents sources of information using a recognized convention.
7–8	The student: i. communicates information and ideas **effectively** and **accurately** by using a style that is **completely** appropriate to the audience and purpose ii. structures information and ideas in a way that is **completely** appropriate to the specified format iii. **consistently** documents sources of information using a recognized convention.

Criterion D: Thinking critically

Maximum: 8

At the end of year 5, students should be able to:

i. discuss concepts, issues, models, visual representation and theories

ii. synthesize information to make valid, well-supported arguments

iii. analyse and evaluate a range of sources/data in terms of origin and purpose, examining value and limitations

iv. interpret different perspectives and their implications.

Achievement level	Level descriptor
0	The student **does not** reach a standard described by any of the descriptors below.
1–2	The student: i. **analyses** concepts, issues, models, visual representation and theories to a **limited extent** ii. **summarizes** information to a **limited extent** to make arguments iii. **describes a limited number of** sources/data in terms of origin and purpose and recognizes **nominal** value and limitations iv. **identifies** different perspectives and **minimal** implications.
3–4	The student: i. **analyses** concepts, issues, models, visual representation and theories ii. **summarizes** information to make arguments iii. **analyses and/or evaluates** sources/data in terms of origin and purpose, recognizing **some** value and limitations iv. **interprets** different perspectives and **some** of their implications.
5–6	The student: i. **discusses** concepts, issues, models, visual representation and theories ii. **synthesizes** information to make **valid** arguments iii. **effectively analyses** and **evaluates** a **range** of sources/data in terms of origin and purpose, **usually** recognizing value and limitations iv. **interprets** different perspectives and their implications.
7–8	The student: i. completes a **detailed discussion** of concepts, issues, models, visual representation and theories ii. **synthesizes** information to make **valid, well-supported** arguments iii. **effectively analyses** and **evaluates a range** of sources/data in terms of origin and purpose, **consistently** recognizing value and limitations iv. **thoroughly interprets** a **range** of different perspectives and their implications.
